Human Nutrition Assessment Lab.

The Human Nutrition Assessment
Lab was established in 2014 to
create a teaching environment
and to serve as a resource for
clinical research investigations
dedicated to human nutrition
experimentation.

[Anatomy & Physiology Lab Manuals
Library - Human Body](#)

Description Principles of Food
Science demonstrates how the laws
of science are at work in
producing, processing, preparing,
preserving, and metabolizing food.
Students learn how cooking,
health, and storage tips connect
science basics to daily food
encounters. The text covers the
basic laws of chemistry,
microbiology, and physics as they

are applied to food components and complex food systems.
