Mahler A Musical Physiognomy

Theodor W. Adorno goes beyond conventional thematic analysis to gain a more complete understanding of Mahler's music through his character, his social and philosophical background, and his moment in musical history. Adorno examines the composer's works as a continuous and unified development that began with his childhood response to the marches and folk tunes of his native Bohemia.

Mahler : a musical physiognomy | Mahler, Gustav; Mahler ... The difficulty of revising the judgment on Gustav Mahler passed not only by the Hitler regime but by the history of music in the fifty years since the composer's death exceeds that which music generally presents to thought, and even to philosophical thought. Inadequate as is thematic analysis to the content of Mahler's symphonies
