One of the most important politics books of the year, To Obama is a record of a time when politics intersected with empathy. 'The real story of Obama's America' Sunday Times Every day, President Obama received ten thousand letters from ordinary American citizens. Every night, he read ten of them before going to bed. In To Obama, Jeanne Marie Laskas interviews President Obama, the letter-writers themselves and the White House staff in the Office of Presidential Correspondence who were witness to the millions of pleas, rants, thank-yous and apologies that landed in the mailroom during the Obama years. At once desperate, joyful, hateful and despairing, they form an intimate portrait of one man's relationship with the American

people, and of a time when empathy intersected with politics in the White House.

Knopf Books for Young Readers

THE #1 SUNDAY TIMES BESTSELLER A riveting, deeply personal account of history in the making-from the president who inspired us to believe in the power of democracy - and the perfect gift this Christmas!

'Gorgeously written, humorous, compelling, life affirming' Justin Webb, Mail on Sunday In the stirring, highly anticipated first volume of his

presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency-a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We

are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built

together, day by day. 'What is unexpected in *A Promised Land* is the former president's candour' David Olusoga, *Observer*

A collection of Barack Obama's greatest speeches, now including his farewell address, selected and introduced by columnist E.J. Dionne and MSNBC host Joy-Ann Reid. "It is a political partisan's dream to see them [Obama's words] so finely gathered here." - *Washington Post*

We Are the Change We Seek is a collection of Barack Obama's 27 greatest addresses: beginning with his 2002 speech opposing the Iraq War and closing with his emotional farewell address in Chicago in January 2017. As president, Obama's words had the power to move the country, and often the world, as few presidents before him. Whether acting as Commander in Chief or Consoler in Chief,

Obama adopted a unique rhetorical style that could simultaneously speak to the national mood and change the course of public events. Obama's eloquence, both written and spoken, propelled him to national prominence and ultimately made it possible for the son of a Kenyan man and a white woman from Kansas to become the first black president of the United States. These speeches span Obama's career--from his time in state government through to the end of his tenure as president--and the issues most important to our time: war, inequality, race relations, gun violence and human rights. The book opens with an essay placing Obama's oratorical contributions within the flow of American history by E.J. Dionne Jr., columnist and author of *Why The Right Went Wrong*, and Joy Reid, the host of *AM Joy* on MSNBC and author of *Fracture*. *Say It Like Obama and Win!* Bloomsbury Publishing

 A chillingly personal and exquisitely wrought memoir of a daughter reckoning with the brutal murder of her mother at the hands of her former stepfather, and the moving, intimate story of a poet coming into her own in the wake of a tragedy
 At age nineteen, Natasha Trethewey had her world turned upside down when her former stepfather shot and killed her mother. Grieving and still new to adulthood, she confronted the twin

pulls of life and death in the aftermath of unimaginable trauma and now explores the way this experience lastingly shaped the artist she became. With penetrating insight and a searing voice that moves from the wrenching to the elegiac, Pulitzer Prize – winning poet Natasha Trethewey explores this profound experience of pain, loss, and grief as an entry point into understanding the tragic course of her mother’s life and the way her own life has been shaped by a legacy of fierce love and resilience. Moving through her mother’s history in the deeply segregated South and through her own girlhood as a “child of miscegenation” in Mississippi, Trethewey plumbs her sense of dislocation and displacement in the lead-up to the harrowing crime that took place on Memorial Drive in Atlanta in 1985. Memorial Drive is a compelling and searching look at a shared human experience of sudden loss and absence but also a piercing glimpse at the enduring ripple effects of white racism and domestic abuse. Animated by unforgettable prose and inflected by a poet’s attention to language, this is a luminous, urgent, and visceral memoir from one of our most important contemporary writers and thinkers. In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary." —Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African

side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father*

This paper examines the speech of Barack Obama "Yes we can". The focus lies on the used concept of the American Dream. The second focus involves a statement that Hillary Clinton made during the primary campaign for the Democratic presidential

nomination. The work concentrates on Barack Obama's own biography "Dreams from My Father",

his book "Audacity of Hope" describing his thoughts of reclaiming the "American Dream", and Jim Cullen's often cited book "The American Dream".

The main sources for the analysis of the speech are Harald Frank's book "Rhetorische Analyse der

Hope Never Dies McGraw Hill Professional In Shelby Steele's beautifully wrought and thoughtprovoking new book, A Bound Man, the award-winning and bestselling author of The Content of Our Character attests that Senator Barack Obama's groundbreaking quest for the highest office in the land is fast becoming a galvanizing occasion beyond mere presidential politics, one that is forcing a national dialogue on the current state of race relations in America. Says Steele, poverty and inequality usually are the focus of such dialogues, but Obama's bid for so high an office pushes the conversation to a more abstract level where race is a politics of guilt and innocence generated by

our painful racial history -- a kind of morality play between (and within) the races in which innocence is power and guilt is impotence. Steele writes of how Obama is caught between the two classic postures that blacks have always used to make their way in the white American mainstream: bargaining and challenging. Bargainers strike a "bargain" with white America in which they say, I will not rub America's ugly history of racism in your face if you will not hold my race against me. Challengers do the opposite of bargainers. They charge whites with inherent racism and then demand that they prove themselves innocent by supporting black-friendly policies like affirmative action and diversity. Steele maintains that Senator Obama is too constrained by these elaborate politics to find his own true political voice. Obama has the temperament, intelligence, and background -- an interracial family, a sterling education -- to guide America beyond the exhausted racial politics that now prevail. And yet he is a Promethean

figure, a bound man. Says Steele, Americans are constrained by a racial correctness so totalitarian that we are afraid even to privately ask ourselves what we think about racial matters. Like Obama, most of us find it easier to program ourselves for correctness rather than risk knowing and expressing what we truly feel. Obama emerges as a kind of Everyman in whom we can see our own struggle to accept and honor what we honestly feel about race. In *A Bound Man*, Steele makes clear the precise constellation of forces that bind Senator Obama, and proposes a way for him to break these bonds and find his own voice. The courage to trust in one's own careful judgment is the new racial progress, the "way out" from the forces that now bind us all.
