and you will know that this is not the church you grew up with. Churn and frustration are at an all-time high as many have voted with their feet and no longer attend worship service. CHURCH - her thirst to be accepted by the world and possess what it has to offer has negatively impacted her preaching and influence on society. Silent, she has no response to the moral decay of our time, yet she takes in more money than most will earn in two lifetimes. Product pitches from the

pulpit and product tables in the lobby are normal and a guaranteed scriptural reference to paying Tithes is inevitable. Laboring over souls on the altar is a thing of the past as many ministries look for ways to be more profitable. Being about My Fathers Business has taken on a whole new meaning as the North American Church struggles to hold to the code of Divine Ethics that was once delivered to the saints by those who once valued the concept of no compromise. Keys for breaking the devil's grip and bringing revival to your world Unbroken CursesHidden Source of Trouble in the Christian's Life Like it or not, this is a word-created, word-controlled universe. God established it that way from the very beginning, calling "things which be not as though they were" (Romans 4:17). He set this whole system in motion by speaking into the

darkness and saying, "Light be!" and light was (Genesis 1:3). We've been divinely commissioned to change our environment by what we say, to release light in the midst of darkness. Discover what The Word says about your authority and the power to speak to this present darkness and say, "Light be!"

The peril of the believer is to confuse the spirit for the soul and the soul for the spirit, and so be deceived into accepting the counterfeit of evil spirits to the unsettling of God's work. The greatest advantage in knowing the difference between spirit and soul is perceiving the latent power of the soul and in understanding its falsification of the power of the Holy Spirit. Such knowledge is not theoretical but practical in helping people to walk in God's way. In this

book, Watchman Nee shares his insight on The Latent Power of The Soul, The Christian and Psychic Force, and Spirit Force vs Psychic Force. Nowadays the atmosphere is so charged with the commotion of all kinds of counterfeit that the Lord seems to be calling the Church to come to a higher ground. Today's situation is perilous. the Mennonite story in California had developed into an interesting tale of religious conservatives--traditional agrarians--finding their way in an increasingly urban and religiously pluralistic California. Some California Mennonites negotiated new identities by endorsing conservative evangelicalism; some found them in reclamations of sixteenth-century Anabaptists. Still other Mennonites found meaningful religious experience by engaging in social

action and justice even when these actions appeared in "secular" forms. These emerging identities--Evangelical, Anabaptist, and secular--covered a broad spectrum, yet represented a selective retaining and discarding of Mennonite religious practices and expressions. From *Digging Gold to Saving Souls* touches on such topics as migration, pluralism, race, gender, pacifism, institutional construction, education, and labor conflict, all of which defined the experience of

Mennonites of California. Brian Froese shows how this experience was a rich, complex, and deliberate move into modern society.
